What we do

“
My journey with Kyabra extends beyond a decade and this long-term relationship speaks to the quality of support and service they provide. My case worker has consistently offered invaluable guidance and assistance through some difficult situations. - Anna

Kyabra really step up and help when needed and have skilled, authentic staff who genuinely care. - Lauren

Fostering has been one of the most rewarding and challenging journeys of our lives, and we couldn't have done it without the support of Kyabra. Thanks to their support, we've been able to provide a home to several children over the years.
 - Karla & Matt

Every Kyabra case worker that we encountered has been professional, sensitive, supportive and non-intrusive. We would highly recommend Kyabra to anyone considering becoming respite foster carers. - Meg

Our Values

Social Justice

We believe all people have inalienable rights as agreed in the UN Declaration of Human Rights and that all should have equal opportunity to access the benefits of their society.

Strengths

We believe strengths and capabilities should be acknowledged as the most important resource for change. We believe that while people will generally be doing their best with the resources they have, complementary, external resources can be useful for change to be achieved and maintained.

Innovation

We embrace innovative ways of creating effective responses to changing needs and current understandings. We see innovation as nourished by continuous research, evaluation, reflection, training and financial diversity.

We respectfully acknowledge the traditional custodians past and present whose land we live, walk and work on.

Our Organisation is a place where human rights are respected and people of diverse genders and sexual orientation are welcomed and supported.
