*The Challenge of Change
Shaping the Future*

● Workshop Presentation ● Expression of Interest Form ●

ABOUT THE CONFERENCE

Queensland Foster and Kinship Care Inc. (QFKC) represents more than 5300 Foster and Kinship Carers in Queensland. The conference provides a wonderful opportunity to bring together like-minded people such as carers, government and non-government staff to participate in professional development, network and have fun.

Our Conference theme *The Challenge of Change Shaping the Future* draws upon the outcomes and feedback from our 2019 carer forums where carers together with agency and departmental staff not only expressed current challenges within the child protection system they also identified positive change that can shape the future and enhance the lives of our children and young people.

WORKSHOP PRESENTATIONS

Applications to present will need to address the following criteria to help achieve our aim to deliver high quality, interactive, creative and enjoyable presentations that provide a balance for conference delegates.

- Which area does the presentation contribute to e.g. foster care, kinship care, self-care, cultural care, professional learning
- The audience most likely to benefit e.g. foster carers, kinship carers, staff
- Please consider that organisation specific information may not be relevant on a broader level

Presenters may be requested to present twice during the conference if their session proves to be very popular. Power Point facilities (data projectors, computers and screens) will be available for presenters if needed, you are also welcome to use your own computer. Presentations must be in Power Point format to utilize provided computers.

Should presenters wish to attend other presentations and / or stay for the entire conference registration is required and payment needs to be made at the full rate for industry professionals or carers.

SESSIONS AVAILABLE

Saturday & Sunday mornings, and Saturday afternoon – all sessions will run for 90 minutes.

Please be aware your preferences may not be able to be accommodated. If this will impact on you delivering a session please include comments in your submission, so it can be considered during the approval process.
